

HARLINGTON UPPER SCHOOL

Do you need some gardening done?

Harlington Upper School has introduced enrichment time, where we have the opportunity to do activities that are different to our normal lessons. We are part of the gardening club and are looking to try something new in the village.

Every Wednesday, from 2pm to 4pm, Harlington Upper School students are offering to help you with your gardens.

We can do: Planting, weeding, garden rubbish removal, watering plants, leaf collecting etc

If you are interested, please contact the school and let us know your address along with a description of what you would like us to do. You can email admin@harlington.org or phone the office on 01525 755100.

Thank you for your time

Gardening club students (years 9 and 10)
