Dear Neighbour,

IMPROVEMENT WORK – HARLINGTON

I am writing to let you know that Network Rail need to carry out essential work near to your property.

The team will be carrying out work to the drainage system along the railway line through Harlington Village

**The team will be working each night from 22:00 to 08:00 between the following dates and times:
22:00 Tuesday 26 April to 08:00 on Friday 29 April.**

Please note, as a moving worksite, the team won't be outside your property for the duration of the above dates.

I understand that working near your property overnight is far from ideal and I am sorry in advance for any disruption this may cause. However, the work is essential, and the team need to undertake the work at night as it is the safest time for the team to access the railway, due to the low numbers of trains that run at this time.

The nature of our work often means some disturbance is unavoidable, with the teams using heavy machinery. The team are aware that they are working close to your home, and they will try to minimise unnecessary disruption as much as possible.

I hope this information is helpful and again I am sorry for any disturbance this essential work may cause.

For further information about our work which takes place on the railway please visit www.networkrail.co.uk/livingbytherailway alternatively if you have any additional questions or concerns, please visit www.networkrail.co.uk or telephone our 24-hour National Helpline on 03457 11 41 41.

Yours faithfully,

*/ Bellamy***Ian Bellamy**
