

Sustainability Policy – 2021

First Adopted By Full Council:	2006 Oct	Item	2006/8
Last Approved Review Date:	2021 Mar	Item	21FGP70
Next Review Date:	2025 Sept		

1. Principles

- 1.1 Sustainability principles and impacts of Climate Change will guide the Parish Council's day-to-day operations and decision making.

2. In all our activities we will take available actions to -

- 2.1 reduce the consumption of energy, water and other natural resources and ensure that those we use are used efficiently.
- 2.2 utilise renewable energy sources where/when possible.
- 2.3 minimise the production of waste and reduce the impact of its disposal and avoid pollution.
- 2.4 continue to maintain and enhance, the Parish Council owned, managed and leased areas, taking opportunities to increase biodiversity, tree cover, hedges etc. wherever possible and considering long term impacts of any actions taken.

3 In our operations we will:

- 3.3 Consider the environmental consequences of all our present and future activities and adopt working practices that minimise damage to the environment.
- 3.4 Provide a safe and healthy working environment for staff and volunteers.
- 3.5 Work in partnership with other organisations to achieve our aims
